Brent Budolfson

Product designer and director with deep experience in team development and B2B SaaS for enterprise companies. Persistent advocate of targeted, elegant solutions across complex systems that alleviate friction, uncover efficiencies, and create value and delight for their users and tech squads alike. Proponent of responsible AI.

Product Design Director

LOGIXBOARD, SEATTLE, WA; 2023–PRESENT (REMOTE)

Hired into director role as a player-coach to guide and champion team of designers while refining the design system to bring more polish and consistency to the experience. While working on core logistics offering, also collaborated closely with stakeholders and customers to help define and bring new AI product to market.

Product Design Director

SHIPWELL, AUSTIN, TX; 2018–2023 (REMOTE)

As sole senior designer reporting to the CEO, helped scale our design organization to team of five designers while establishing a design system from the ground up. Shipwell's UX design received top scores in Gartner scoring, industry's leading analyst ranking for enterprise technology.

Senior Product Designer

KHOROS (SPREDFAST), AUSTIN, TX; 2016–2018

Helped define social media analytics dashboards and calendar planning tools while contributing to a robust design system and established design team.

UX Lead

CONTEXT DIGITAL, COLUMBUS, OH; 2015–2016 (REMOTE)

Led the research and design for a Scotts Lawn Care mobile gardening app targeted at a younger generation of gardeners.

Senior Interaction Designer

MUTUAL MOBILE, AUSTIN, TX; 2010–2015

Worked with cross-functional teams to build a myriad of mobile and web applications leveraging emerging technology for brands like Cisco, 1800CONTACTS, Google, Under Armour, Cigna, Xerox, General Motors, Verizon, Tour de France, Blinds.com.
